Who Is Vrittachakra?

A Startup Founded:

July - 2025

Founder & Co-Founder:
Vaibhav Patel

Payal Patel

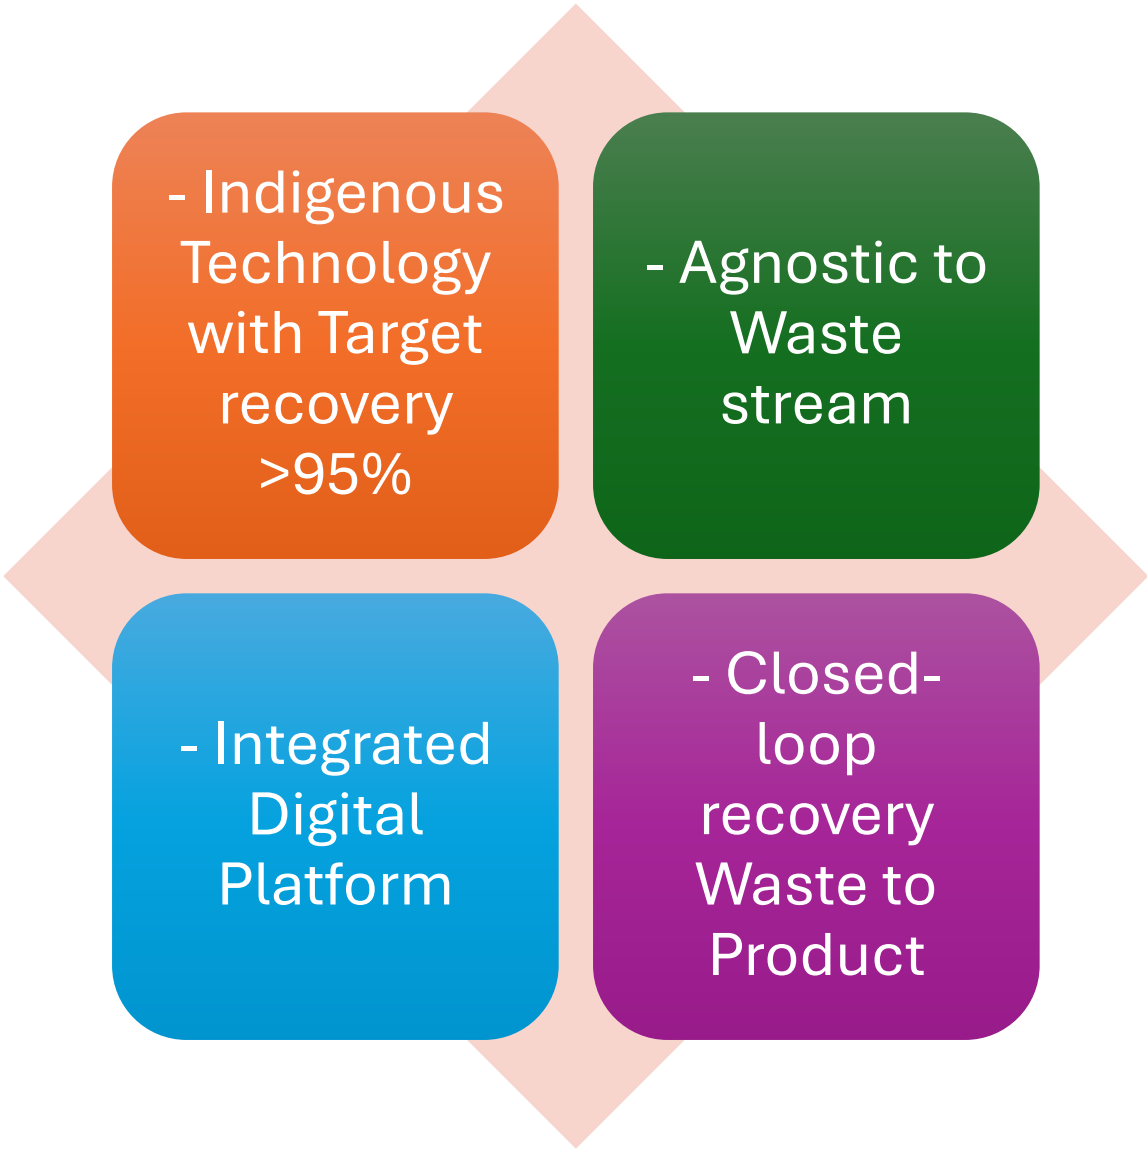

Vision:

Infinite Resource Loop

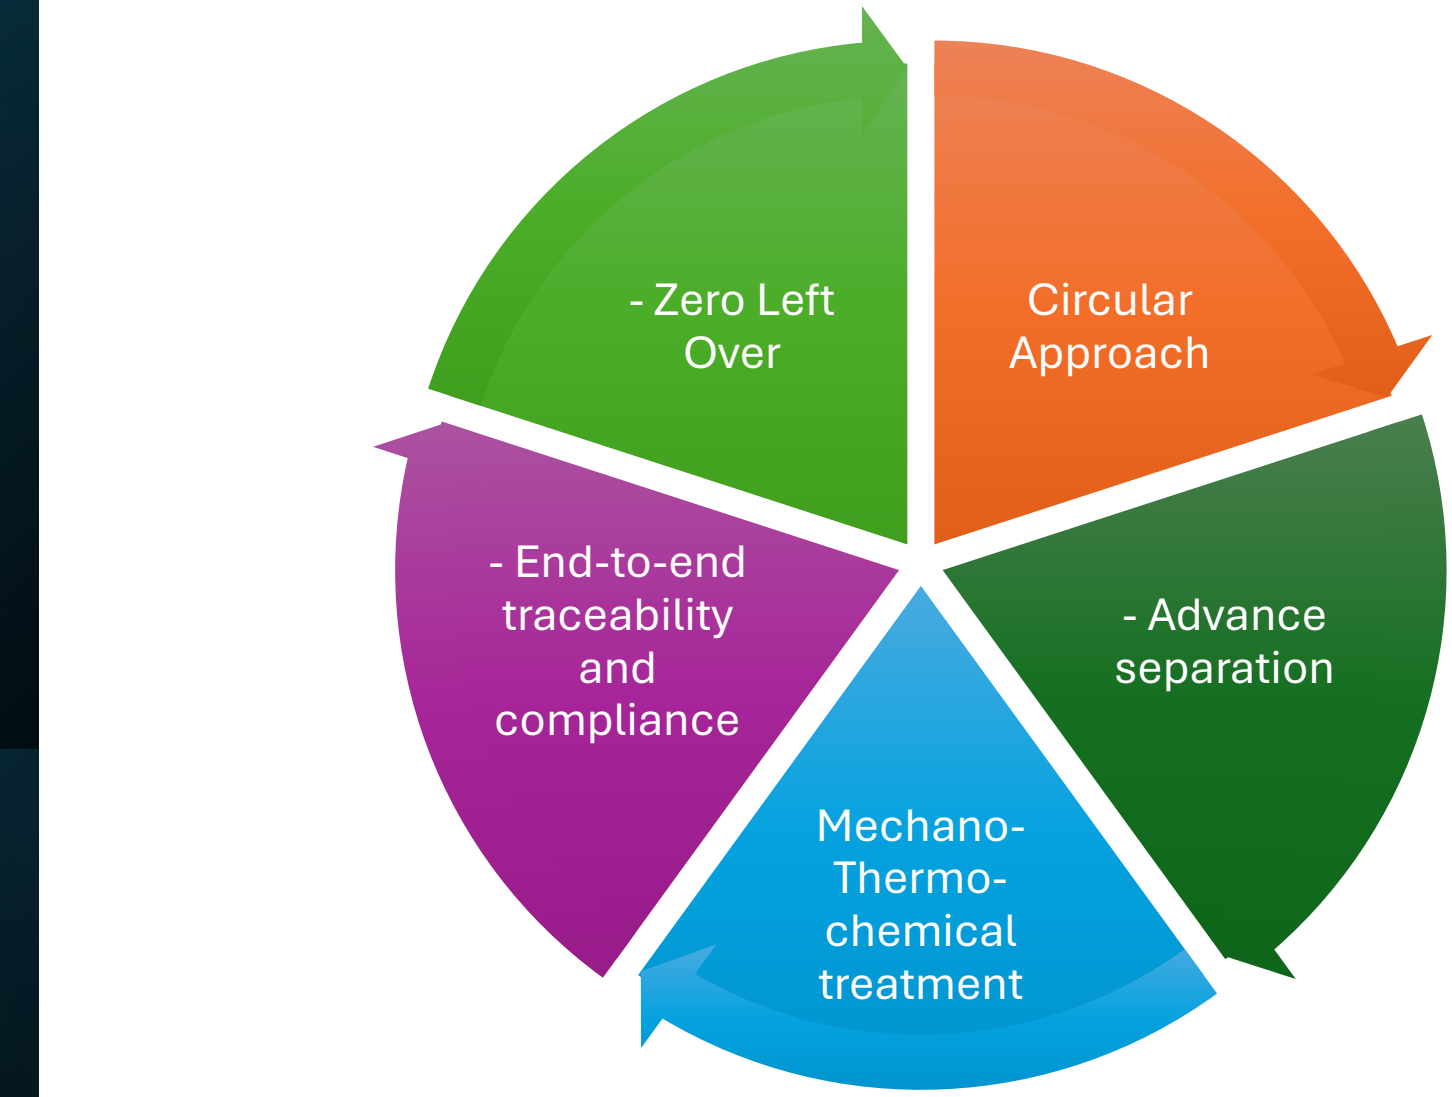

Mission:

Material Reborn Responsibly

Why Vrittachakra?

How does it works?

Core Principles

1. Near Zero Disposal – Everything is recovered, reused, or repurposed
2. Green & Sustainable Processes – Low environmental impact
3. In-House Technology Development – Tailored for Indian conditions
4. Total Material Recovery
5. Closed Open-Source – Open where impactful, proprietary where essential

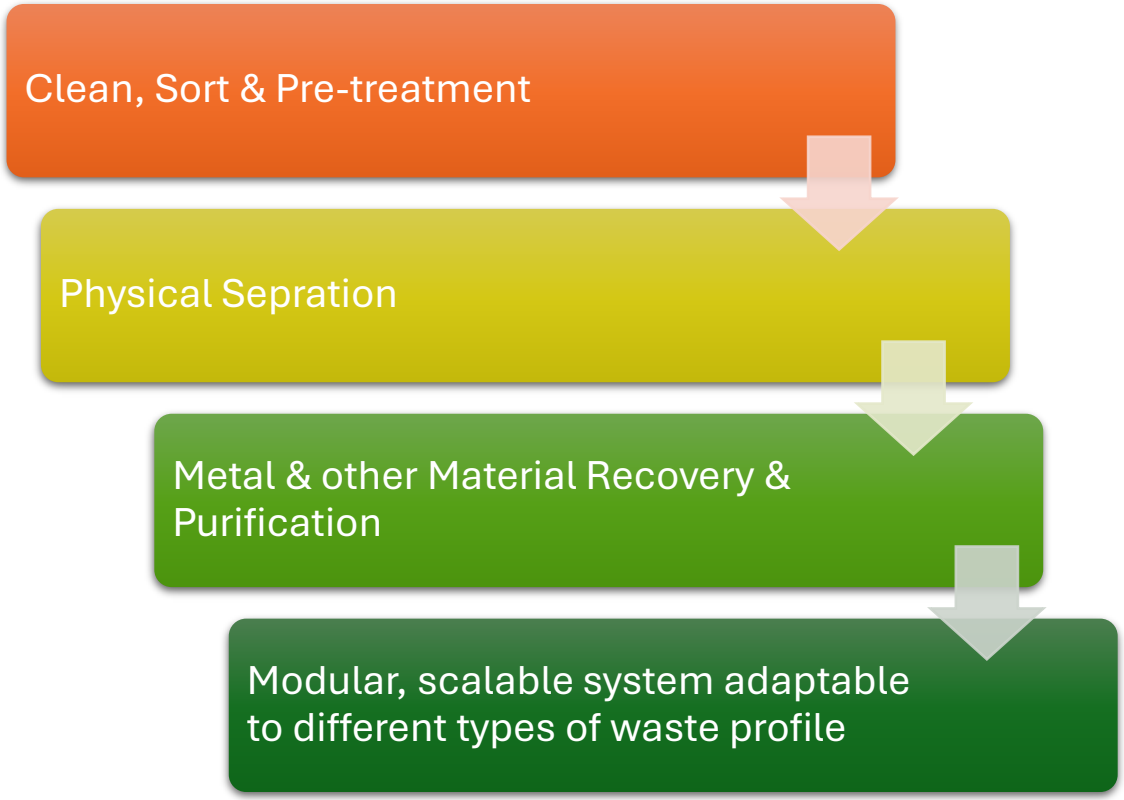

Where We Begin:
Clean Energy Generation & Storage

- Solar Panels
  - Thin Film
  - Crystalline Silicon
- Non Lead Acid Batteries
  - LIB,
  - Ni-Cd
  - AgO

How We Do It – Our Process Snapshot

What We Recover: E.O.L. Solar Panels & Batteries other than Lead Acid.

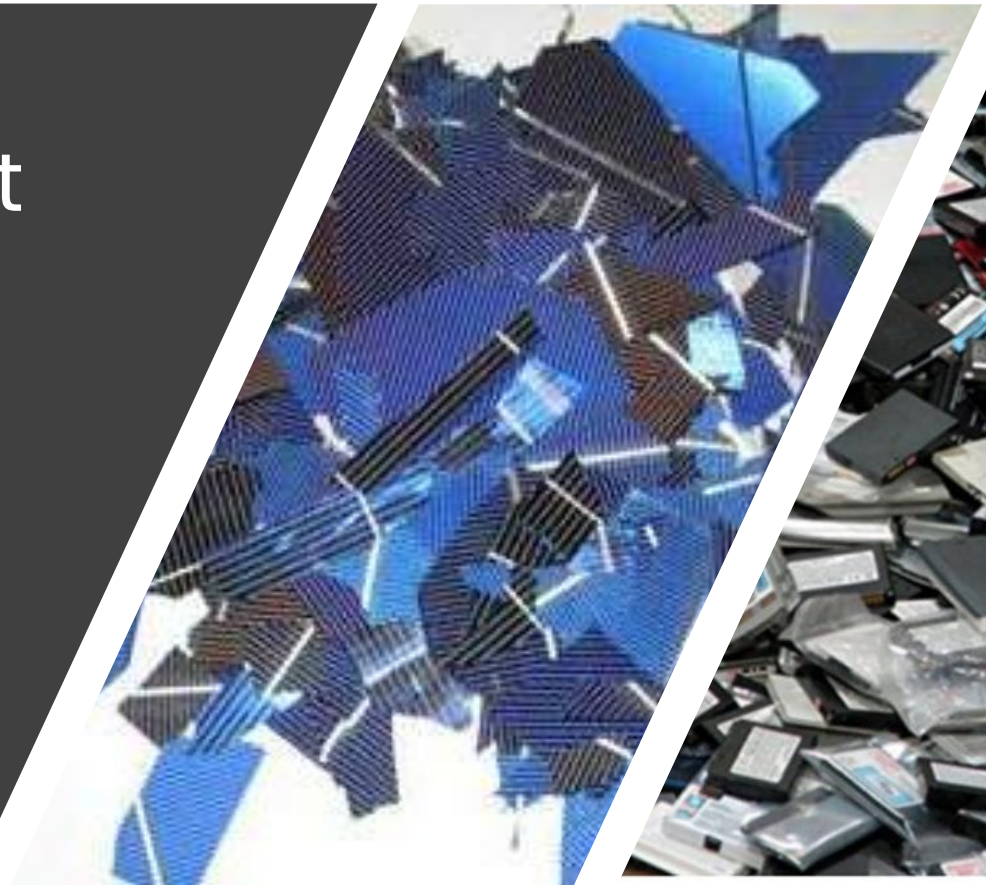

VRITTACHAKRA
-SOLUTIONS-
-RECLAIM- -REINVENT- -REGENERATE-

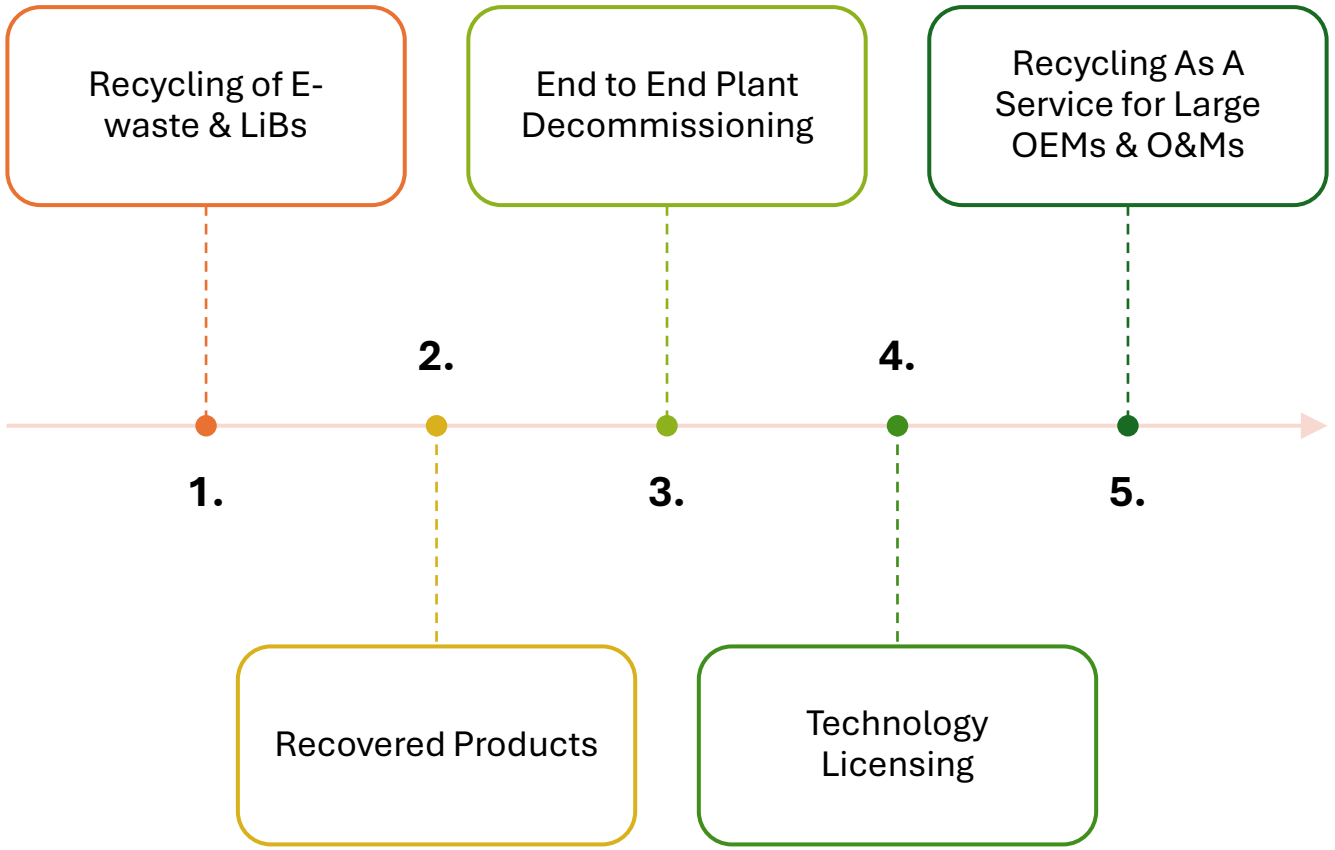

Currently We Buy/Accept

- Solar Panels
  - Used / Damaged / Reject / Partially recycled
- Solar Cell
  - Brocken / Reject
  - Left over from Panel Recycling
- Batteries Other than Lead Acid
  - All types Lithium Ion Battery
  - Black Mass
  - Ni-Cd Battery
  - AgO Battery

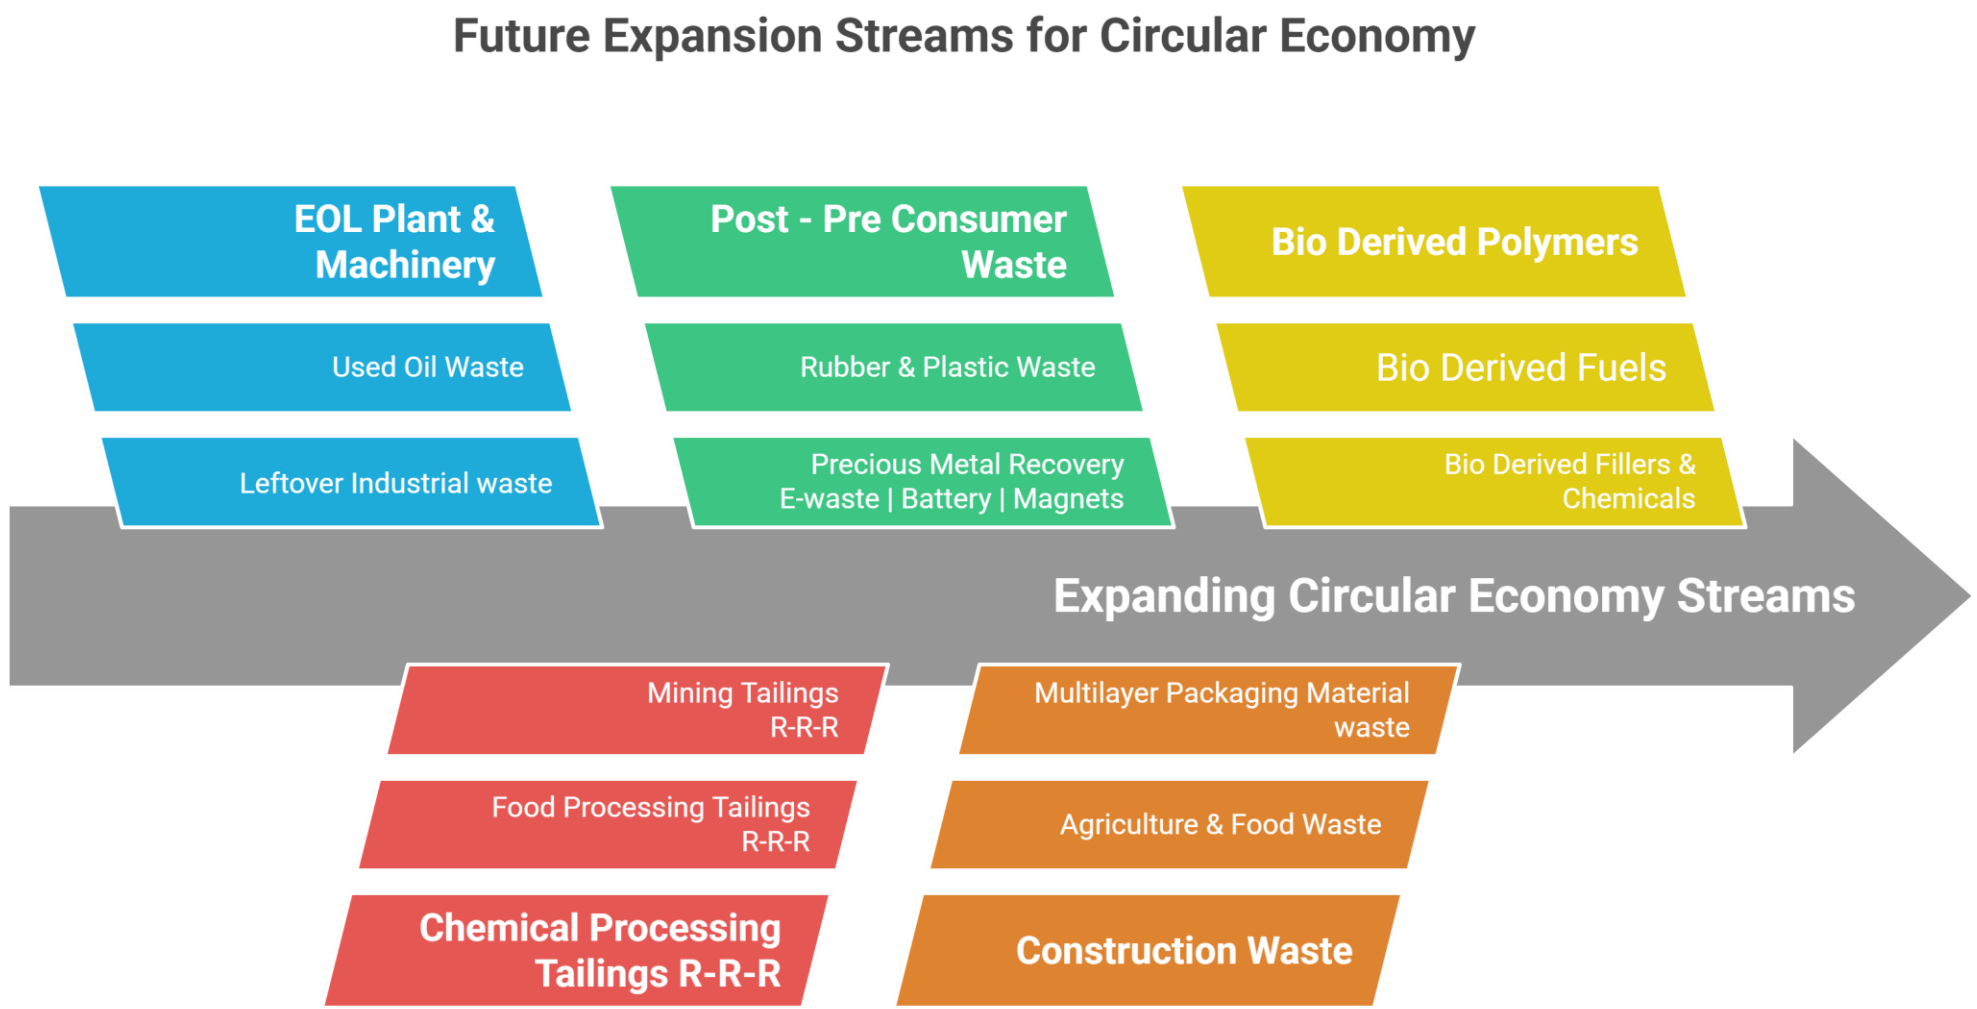

What we offer?

Expansion Stream:

Made with Napkin
